

St Saviour's College is committed to the safety and wellbeing of our students and families.

Our College staff members have specific responsibilities in order to meet both legislative and policy based student protection requirements, which are detailed in our Student Protection Process and Guidelines. These processes are accessible to anyone either by making a request through the school Administration Office, or by visiting the student protection page of the Toowoomba Catholic Schools website at: <https://www.twb.catholic.edu.au/parents-and-community/student-protection/> A Working Together Brochure has also been created that explains our student protection processes.

Volunteers at St Saviour's College are highly valued. As part of the volunteer induction process, Volunteers receive specific information around their responsibilities around student protection and the Code of Conduct. Information for volunteers can be found at: <https://www.twb.catholic.edu.au/work-and-learn-with-us/volunteers-and-visiting-service-providers/>

St Saviour's College implements the requirements of the Toowoomba Catholic Schools Child and Youth Risk Management Strategy, an important element of the Queensland Blue Card System. As part of this strategy, all staff members and volunteers require a Blue Card, unless an exemption applies. A brochure is also available that explains the key aspects of the Child and Youth Risk Management Strategy.

Should you have any concerns that St Saviour's College has not complied with any aspect of the Student Protection Processes, the Procedures for Resolving Complaints details how a complaint can be made, and how it will be addressed."

All these documents are available on the St Saviour's College [website](#).
